All proceeds from this event will benefit the Charlotte, NC based Kristen Foundation for Missing and Endangered Adults. The Foundation provides financial assistance to family members of missing persons over the age of 18 who are designated by law enforcement agencies as "endangered or at risk". This assistance helps pay for the costs of billboards, newspaper advertisements, flyers, travel expenses and other justifiable expenses related to the search, investigation and recovery of a qualified missing person. We are a nationally recognized organization for missing adults and serve as an advocate for families of North Carolina missing persons.

Currently, the Foundation is working with a number of families in North Carolina as well across the country. The Foundation is named after Kristen Modafferi, a Charlotte native who went missing in June 1997 from San Francisco. Kristen was a freshman at North Carolina State University and a Park Scholar.

For more information regarding the families go to
